Powerful.

The proven leader in sales tax decision automation.

Sales tax is compulsory, complex and costly for any business. Automating the process saves time, money and effort.

AvaTax Calc dynamically delivers 100,000+ taxability rules and applies them across 17,000+ jurisdictions at the point of transaction, within any ERP or billing system.

AvaTax Calc

End-to-end sales tax automation.

🌴 Fast

AvaTax applies sales tax calculations as the transaction takes place via a secure, encrypted Internet connection without disrupting your existing workflow. Centralized, secure management means that tax schedules for new locations are automatically assigned and maintained.

🌴 Easy

AvaTax integrates seamlessly with existing business systems and takes the guesswork away. Rates are calculated "behind the scenes" and are automatically applied to the transaction. Reports are generated on-demand.

🌴 Accurate

Forget about tracking rates, changes in rules and tax holidays. AvaTax continuously updates data, making accurate sales tax calculations available immediately. Minimize audit risk using advanced address validation, sourcing and taxability determination and jurisdiction assignment technology.

🌴 Affordable

Redeploy accounting resources and avoid spending time and money on audits and penalties. AvaTax Calc is a scalable, subscription-based Software-as-a-Service (SaaS) offering that is tailored to each customer's specific needs. Ease and speed of integration get you up and running quickly and the cloud-based service eliminates additional hardware costs.

AvaTax Calc integrates with:

ERP
Financial applications
Retail POS
CRM

The Power of AvaTax Calc

Real-time access to the most current rates and taxability rules within any ERP or billing system.

ADDRESS VALIDATION

The AvaTax calculation engine encompasses the most accurate and up-to-date address data available. Input addresses are automatically corrected for spelling errors and inaccurate street names. Five-digit zip codes are appended to nine-digit accuracy.

SOURCING RULES

Using advanced geocoding technology, transaction addresses are pinpoint positioned within all applicable jurisdiction boundaries. Geo-positioning provides the basis for precise identification of tax jurisdictions and roll-up to a total tax rate.

JURISDICTION ASSIGNMENT

The AvaTax service includes researched and validated system tax codes into which are assigned a broad array of product categories and individual products. This provides highly accurate taxability assessments and ensures the correct rates are calculated for all products and services.

PRODUCT TAXABILITY

AvaTax is programmed with the latest information for handling destination based, origin based and hybrid sourcing rules, ensuring the most accurate possible assignment of tax rates based on individual transactions.

REPORTING

Generating summary and detailed reports on-demand, easily and accurately, AvaTax gives you complete visibility to all transactions. Export your data for filing, or for complete end-to-end automation, use AvaTax Returns for fully outsourced sales tax compliance management.

End-to-end compliance + accuracy for all your transactional tax needs.

Certificate Management

Limit your non-taxed transaction audit liability. Without all the hassle and in real-time. Ensure that valid certificates are on hand immediately through electronic collection, storage and management making them accessible anywhere, anytime.

Returns & Filing

Ensure timely and accurate transactional tax filing and remittance - with simplicity. File returns and remit payments on time using a single payment solution. Whether the jurisdiction requires e-filing or mailed in hard-copy returns, AvaTax Returns performs the job.

Getting started with AvaTax is easy.

Take the next step toward automating your sales tax process.
